"Red leader, come in, do you read me?"

"I read you loud and clear"

"We are closing in on the target, stand by"

Chapter 2 by abuobaida Elamin

"Copy that. What does the Doppler read?"

"Looks all clear."

"Good you have permission to occupy the Enemy Raest Military base."

"Commander two unknown signals on the Doppler, wait no more there appearing rapidly what is this?!"

"Red Leader to Falcon, calm down what is your situation?"

"Our men are going down fast I'm calling the retreat!"

"Copy that Falcon over and out."

BUT AS THE TRANSMISSION ENDED RED-LEADER CALLED FOR DS9 STANDING FOR DARK SQUAD 9 AN ELITE GROUP OF PILOTS AND SOLDIERS MEANT FOR INFILTRATION MISSIONS AND INSIDE JOBS.

"Red Leader to DS9 do you copy?"

"Yes sir."

"You all have permission to infiltrate."

Chapter 3 by Phantim

DS9 currently consisted of 11 of the most talented fighters the republic had to offer. Indeed part of the squad consisted of former Imperial pilots that had defected, the total number of confirmed kills for the squad was impressive.

"Black Leader to DS9, formation Delta - Two - Six - Three. I repeat, formation Delta- Two - Six - Three."

"Black 6, no help for the other pilots?"

"Affirmative Black 6, use their retreat as a distraction. Infiltration of Raest Base is Primary and only objective. Fall in."

"Black 3, copy."

"Black Leader, blasters hot boys. Let's do this!"

The 11 ships flew in a spiraling X pattern. Blasters on full power. They were cutting a line

straight towards the base at incredible speed. It took minutes before Black realized the danger and ordered its fighters to abandon the base. But it was too late. The Republic squadrons. However, at the speed DS9 was progressing it was already too late for them to defend the base.

Chapter 4 by Samuel

The DS9 flew with incredible speed taking down enemy ships with astonishing ability. But, as they took hostile ships down, they were surprised. The Empire's fleets that were pursuing Red and Yellow squadrons turned around. and started pursuing the DS9.

"Black Leader to Red Leader; I have a visual of two hostile fleets. Ten to Twelve ships in each. Seems like they've let You an Yellow go to pursue to us, we're surrounded. Awaiting orders"

"Copied; adopt a defensive formation of your choice, we'll come back for you."

"Red Leader to Yellow Leader; converge on two hostile fleets at DS9's rear"

"Black Leader to DS9; adopt 'Loose Spacing', variation 3. DO NOT GET HIT"

"Black 6 to Leader, wasn't the goal to infiltrate?"

"Leader to Black 6, we can't infiltrate completely outnumbered, we wouldn't be able to avoid the defenses. Red and Yellow are coming for us"

Chapter 5 by Phantim

"The hell we can't Black Leader. This is exactly we train for. Back 4 proceeding to infiltration." with that one of the X-Wing class fighters broke off from the group and put its thrusters to full speed.

"Black Leader! Dammit Black 4 get back in formation! Stick to the plan Jaina!"

" Black 4 to Black leader: I am the only one following the plan. Commencing radio silence."

"BLACK FOUR! UGH! Black 3 cover Black 4! The rest of you move to variation 3, now!"

Black 4 pulled off her helmet letting her red curly hair flow out from underneath the cumbersome piece of equipment. The open air felt good. As a former Imperial pilot, she found it hard to work with republic pilots. She understood the importance of this mission. If they could destroy Raest base it would be worth sacrificing all 3 squadrons. Instead of focusing on the

mission though, they aborted and focused on blindly fighting a larger enemy force. Fools, she thought. She was going to complete this mission. The thought of death she looked out the window and

Together they continued at maximum speed towards the enemy base. In her mind Jaina was going over the schematics to the base, thinking, trying to piece together a plan that would work. It was all up to her and Black 3 now.

Chapter 6 by Phantim

PEW! PEW! PEW!

The sounds of battle raged.

Chapter 7 by Colin H

"Black leader, do you copy... BLACK LEADER!" "Red leader we have lost signal with black leader"

Chapter 8 by Phantim

So it was that the Rogue Squadron was massacred. Black 4 managed to complete the mission. Raest base was destroyed, along with the Republic's Armada. They were remembered as heroes.

Rogue Squadron faded from memory to legend. They even say it was us who discovered the plans for the Deathstar, leading to it's destruction at the hands of the new Jedi Luke Skywalker. The truth is... in the end they were fools. They chose to engage in a pointless dogfight instead of focusing on the mission... I still blame myself. Maybe if I had tried harder to convince them... maybe they could have lived. **crying noises**

End Recording.

Black 4 sat in bed looking at her helmet. Tears of guilt and sorrow rolling down her face. She looked over on her bed stand to the shadow of Black 3's helmet. She began to sob as she pulled out the blaster pistol from her belt and held it against her head.

Pew.
